Liquidation Offers At Least 50% Off!

Uptown Fibers closed on May 8, 2011. The remaining stock will be sold through the internet only, for pick-up by appointment at the shop, or mail delivery. Buyer will pay shipping charges if pick-up is not possible. Unless otherwise listed, **buyer must take the entire "lot" offered.** Lots cannot be split and substitutions cannot be made. **No refunds or returns.** Credit/debit cards only. To purchase any one of the offers, please see the instructions inside. DO NOT respond to this email. Because the shop is closed, all pick-ups will be by appointment only, and again, no returns, refunds, or exchanges are allowed. I hope you find something to inspire you at a great savings! Watch your email for the next offer.

Dear Fibernuts,

As wonderful as the internet is, the small business (or individual) can only access so many resources without having large expense. My recent email offers have become too large for many servers to handle and I'm getting a lot of rejections from AOL, gmail, etc. which is directly related to the format I was using. Therefore, I'll try this format: creating only PDF attachments and I'll see if that helps. I'll also be sending out the email notices after 5:00 p.m. to make it more fair for those who cannot access their personal email until the evening.

The email offerings have been very successful (for both me and the yarnie who is getting a fantastic deal!), with at least 70% of the items being sold! Having said that, there are still some lots that are still available, so if you have your eye on something from a past email, give me a call and you might be surprised!

Please feel free to forward this PDF file to anyone you think would love a yarn-related bargain. Because there is still so much inventory left, I'll try to issue new catalogs every few days instead of once a week. If you do not want email, please send me a reply with "unsubscribe" in the subject line.

Happy shopping and happy savings!

TO PLACE AN ORDER

In the event multiple buyers are interested in the same merchandise, I will contact the buyers on a first-called, first-served basis. Once the merchandise is sold, I will call other interested parties to advise them of the status of their request.

Buyer will make appointment to pick up merchandise (or ship) within 24 hours of purchase when possiblr.

PLEASE NOTE:

Gentle Reminder and Request For Help

IF you don't want to get email from us, please do NOT mark it as spam. Just delete it and send me an email to remove your name. If you put the email into your spam filter, or mark it as spam, it sends a message back to Buckeye labeling me as "spamming" and Buckeye will shut down all of my shop's email addresses! Buckeye has put me on notice that if I get any more SPAM hits, they will close my accounts! I never send email to anyone unless they have signed up for the email service.

Please communicate with me—don't put me in your SPAM BOX! Thanks so much!

PS—tell your friends about that! A legitimate business can incur great expense if they get labeled as spammers. Most people don't realize a message goes back to the sender's internet provider when they click the spam button or move the mail to the spam folder. Help me keep my email flowing! :)
